What Have We Been Up to?

Let's take a peek into our classrooms to see what everyone has been doing...

Pre-School - Mrs. Page & Mrs. Ehlers

December was a fun month in the preschool room!

We enjoyed a gingerbread theme reading different versions of the Gingerbread Man and rolling out cookies with playdough! We enjoyed bringing in canned goods for the food drive and counting everything together. See our proud picture?

And we had lots of celebrations! We celebrated birthdays, movie days, and even an adoption "Gottcha Day"!

Finally, we celebrated the best birthday of all: Jesus' birthday at Christmas!!! Coming up in January, we will study all things winter and hopefully get to play in some snow! Bring on the snow pants, boots, and waterproof mittens!

Kindergarten and 1st Grade - Mrs. Schmiede & Mrs. Harding

Hello and Merry Christmas from K-1!

This month we have been very busy preparing for the birth of our Savior. Our first big accomplishment was recording our virtual Christmas Children's service. We had a fun time recording, but we can't wait to sing again in person! We hope you enjoyed it!

In reading, we learned about snowflakes. Did you know that each snowflake has six sides?! We cut out and decorated snowflakes in school, but were even more excited to see it snow and inspect the snowflakes up close for real using a microscope. We also played snowball tag in PE class this week which everyone loved.

We had some very fun Christmas activities this week. We are so excited to give out the Christmas gifts we made in class. We also made gingerbread houses to go along with our story of the gingerbread baby and enjoyed a fun day with pajamas and hot cocoa.

We hope you have a very merry Christmas and we can't wait to share more in 2021.

What Have We Been Up to?

Let's take a peek into our classrooms to see what everyone has been doing...

2nd - 4th Grades - Miss Broring

Hello from second, third, and fourth grade!

In grades 2-4 this December, we have been studying invisible forces in science class. We've been having a blast doing experiments with magnets, bridge-building, slides, and ice board-building.

In PE, we've been spending time at the beginning of each class walking or running laps to see how many times we can make it to Miss B's house (2 miles) before Christmas break. We're looking forward to counting up our totals the last day before break!

We are all excited for break and looking forward to a fun rest of the school year in 2021!

5th - 8th Grades - Mr. Danell & Mrs. Kamps

Greetings!

For the month of December, we had some fun journal topics centered around different Christmas themes. That was easier to write than English, which has been challenging for the upper graders, but they are working hard and pushing along. They have been working to identify verb tenses, gerunds, participial phrases, and infinitives.

In reading, the upper grades read classic novels that mention Christmas. The seventh and eighth graders finished A Christmas Carol by Charles Dickens, while the fifth and sixth grade read The Lion, the Witch, and the Wardrobe, by C.S. Lewis. We watched these movies on Tuesday before break to compare the books to the movies.

We were also in the Christmas mood during art class. Mr. Danell had us make chalk drawings to "hang" Christmas lights for the hallway.

The upper graders really came through during the food drive. What giving spirits we have!

Finally, the students enjoyed their gift exchange of snacks Tuesday afternoon to celebrate the giving of Christmas time!

Blessings on the rest of your month!
