- Nov. 22nd 6pm Thanksgiving Eve Service
- December 9 Christmas for Kids

News & Notes

Support our School Through the school Scrip program! When Scrip is purchased, companies donate a percentage of each gift cards' value to Trinity. 100% of this money benefits our school in one way or another. Card purchasers always get 100% of the value of the card purchased. We currently have lots of Kwik Trip gas cards in stock in quantities of \$25, \$50, and \$100, and 10% of gas card purchases go directly to Trinity School at no cost to you! Want the ease of shopping online? Scrip also offers online gift cards. Utilize this feature by enrolling at <https://www.raiseright.com/enroll> and using code D3263F14616L3. Many stores offer additional percentages for the holiday season.

Christmas for Kids Kids 3-10 can join us at Trinity Lutheran School for Christmas activities, Bible stories, and snacks Saturday, December 9th, 9am-12pm. Please register at www.trinitymarinette.com Older kids and adults can also participate by volunteering as crew leaders, running activities, or helping with snacks. Please contact Jenny Schmiede at 262-327-4253 or Kat Ehlers at 989-326-0396 if interested in volunteering.

5th, 6th, 7th, 8th

We have been putting in a lot of work during October here in 5th-8th grade. In writing class we finished our first major writing project in our personal narrative. In math class 5th grade has been working on fractions, 6th grade has been working with ratios and rates, 7th grade has been working with positive and negative numbers, and finally 8th grade has been working on graphing functions. In Christ Light we have been moving through the book of Genesis applying the stories of Abraham, Isaac and Jacob to our lives today. Here's to continuing our education and growing in body, mind and faith.

In English, the students wrote creative Halloween stories and identified all the adjectives or verbs--depending on what unit they are studying--in their writing.

Classroom Snapshots

Preschool

One of our most memorable days in October was our field trip to Bergeson's Farm! We got to play on a huge tractor made of hay AND ride behind a real tractor on a hayride! We got to pick out our own pumpkin from the field and find our way through a corn maze. We also got to ride on a barrel car train and feed some adorable farm animals! It was a chilly, drizzly day, but we all had a lot of fun in God's beautiful creation!

Next month we look forward to celebrating Thanksgiving in many ways, starting with singing in church on November 12! Hope to see you all there!

Greetings from kindergarten and first grade!

We had an amazing October! We started the month with our very first field trip and it was sensational. In reading and science we have been learning about the needs of plants. We planted our own radish seeds and were excited to see that all of them grew! We had a blast exploring pumpkins and apples and even made our own "school made" applesauce.

We have also been learning about bats and other nocturnal animals. We had a really fun art project turning black socks into adorable bats. You might have seen them hanging in the hallway if you stopped by. If you ask us some bat facts we will most likely tell you that bats are not creepy but they are actually really cool.

We can't wait to tell you more next month! That's all from kindergarten and first grade.

2nd, 3rd, 4th

The 2nd-4th graders continue to grow in knowledge and God's grace this year! Every week we study a new Psalm from the Bible, and it is heartwarming to hear them sing the praises of God more and more confidently each week. During our prayers and devotions, the students always have lots to be thankful for.

Some other highlights from October included our trip to see Moana, sharing a love of reading through our read aloud and class novels, learning volleyball skills in our P.E. class, and learning Spanish names for classroom objects. The third and fourth graders are working hard to master multiplication, division, and everything there is to know about adjectives. The second graders are comparing three digit numbers in math class and learning all about nouns in English. We had some wonderful birthday celebrations including the pinata shown in the picture.

Next month will be filled with Christmas service prep and many more reasons to be thankful.
