News & Notes

Gamblers Hockey Game – January 21st at 3pm there will be a Family Day at the Gamblers game in Green Bay. Tickets are \$12 for adults and \$10 for kids. Please turn in forms and money to the school by January 12th. Extra forms are available in the office.

Looking ahead – be on the lookout for specifics regarding February's upcoming **Winter Carnival**. Details to be handed out soon!

Report cards – expect report cards to be handed out to students on Friday, January 19th and be available online through your Educate accounts as well.

K/1

Greetings from kindergarten and first grade!

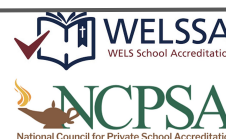

December was an extremely busy month for us. We were so excited for the Christmas service. Sharing the good news of the birth of Jesus was definitely the best part of December for us!

We had some very fun science projects learning about animals and their habitats. We learned how animals survive the winter. Some migrate, some hibernate, some are made for snowy weather, and just ask us about how frogs survive! We are amazed at God's amazing creation!

In reading, kindergarten is just beginning to do leveled reading books. We are so excited to be reading on our own! We read a story about the gingerbread man and the gingerbread girl and then did a fun gingerbread game. Our classroom Christmas party was so much fun. We played pass the present and enjoyed hot chocolate and treats all afternoon!

The mission of Trinity Lutheran School is to assist families of our congregation and our community by providing a high quality, Christ-centered education to equip students for life and eternity.

Classroom Snapshots

Preschool

Happy Healthy New Year! Here at Preschool we are doing our best to stay **fit and healthy** with plenty of fresh air at recess (keep sending those warm mittens and hats!), occasional indoor workouts (see our attempts at joining Mrs. Page for some pushups), dancing, and breathing exercises. Our favorites are “bird” breaths and the “flat tire” breaths. These help us practice deep breathing which can help to calm our nervous systems. What’s next? We plan to grow our own salads in science! Stay tuned!

2nd, 3rd, & 4th Grade

The 2nd-4th graders had a wonderful December. They spent hours singing and memorizing parts of the Christmas story to share with the congregation for our Christmas service. I feel so blessed to have been able to hear these beautiful promises of God’s love through the Christ-child from their lips each day! I pray that you were touched by this message that is now ingrained in their hearts as well.

We had many other opportunities to learn and grow outside of our service practice. Second grade created a holiday booklet to practice writing dates, while third and fourth worked on writing friendly and formal letters for English. In reading class, we read *The Best Christmas Pageant Ever!*, which the third and fourth graders devoured. The second graders are learning new skills with regrouping when adding and subtracting. Playing in the new Gaga Ball Pit has been a highlight for many students. For our Christmas party, we enjoyed many snacks and quality time playing games with parent volunteers.

5th, 6th, 7th, & 8th

December was a fun month as the students worked on creating a product and “selling” it to the class through writing a persuasive radio ad and drawing an ad for a magazine. Looks like we have some future inventors at Trinity! In writing class we worked on our research papers, investigating various science topics so that we can write an informative essay. In Science class we learned about the different types of cells and the components that are in them. We also finished up our reading books and have moved on to new ones. 5th-6th grade are going to read *Abel’s Island* and 7th -8th grade are going to read *The Twenty-One Balloons*.
